www.unitecr2013.org

UNITECR'13 is designed for manufacturers, scientists, engineers and industry professionals interested in the science, production and application of refractory materials.

Hosted by:

13th Biennial Worldwide Congress on Refractories

Unitecr 2013

September 10–13, 2013
The Fairmont Empress and Victoria
Conference Centre
Victoria, British Columbia, Canada

The Unified International Technical Conference on Refractories

Who Should Exhibit

Companies who want to network and do business with refractory-related manufacturers, users, technologists and scientists should contact us today for premium exhibit space and special sponsorship opportunities. For more information, contact Patricia Janeway at +1 614-794-5826.

The 2013 exhibit will be held at the Victoria Conference Centre adjacent to The Fairmont Empress.

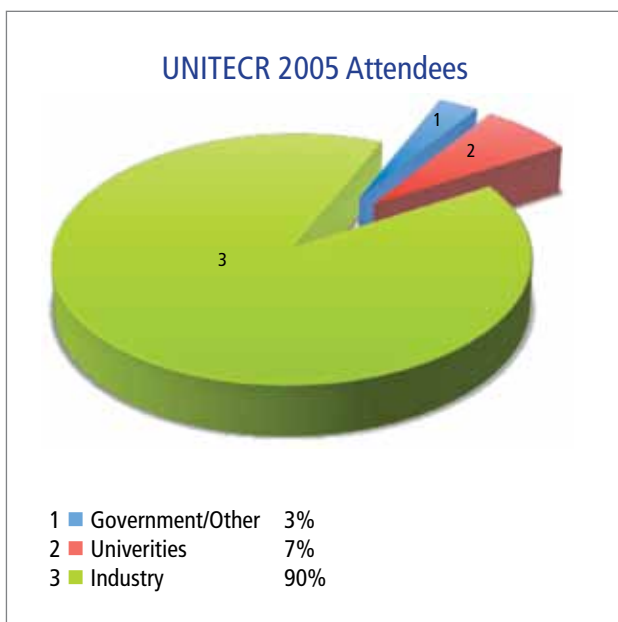

UNITECR conferences are designed for manufacturers, scientists, engineers and industry professionals interested in the science, production and application of refractory materials. Attendees are involved in materials development, formulation, production, and engineering of refractories for ferrous/nonferrous metal industries as well as the minerals processing, glass, cement, and petrochemical industries. Review the tentative schedule at www.unitecr2013.org.

Why Exhibit?

- Promote your products, technologies and capabilities to key leaders in Refractory Ceramics from around the world.
- Lunches and breaks are held in exhibit hall.
- Network with industry leaders and professionals throughout the world and share your perspective on key technological developments.
- Access vital information for long-term product and technology planning.
- Gain insights into future technology, manufacturing and business trends.

Reach Your Target Audience

More than 35 companies exhibited at UNITECR 2005 in Orlando, Florida.
